MSME CONCLAVE & AWARDS • 2026

ABOUT US

Calcutta Management Association (CMA) was instituted in 1957 following the recommendations of a committee constituted by the All India Council of Technical Education. This committee advocated setting up of Regional Management Association in major cities of India. CMA was formed as the first institution of its kind in the country, under the aegis of the Union Ministry of Education. CMA was the prime force behind the formation of the All India Management Association (AIMA), the apex body for management education in India.

Our Vision

To ensure for the management community, a platform where the most relevant and contemporary management ideas can be conceptualized, formulated and shared to enable a dynamic business and economic development.

Our Mission

As a premier management institution, to meet the challenges of continuously enriching and updating human capital.

MSME CONCLAVE & AWARDS • 2026

EVENT BACKGROUND

Building upon the resounding success of our 1st & 2nd editions, where we recognized 15 outstanding MSMEs across five categories, we are thrilled to announce the 3rd edition of our flagship seminar, **“Ease of Doing Business : Realities & Roadmap for MSMEs in India”**, scheduled for January 16, 2026.

With MSMEs being a key focal point in this financial year, the government has introduced several supportive measures to strengthen their growth, resilience, and digital transformation. This seminar aims to equip MSMEs with practical strategies in funding, digital marketing, and technology adoption, ensuring their long-term sustainability.

This year, we are not just stopping at a one-day event. This seminar will kickstart a series of engagements throughout the year, where participants will receive continued mentorship, handholding support, and strategic guidance to navigate challenges and scale their businesses.

Our upcoming seminar will delve into the developments in this year's Financial Budget, offering MSME stakeholders insights into leveraging new policies and budgetary provisions for sustainable growth. The event will feature expert-led sessions on funding strategies, digital marketing, and technological advancements, alongside interactive workshops and networking opportunities.

We invite MSME leaders, policymakers, industry experts, and stakeholders to join us in this endeavor to empower and elevate the MSME sector in today's digital landscape.

Join us as we bring together industry experts, policymakers, successful entrepreneurs, and financial institutions to create a roadmap for a stronger, more competitive MSME sector. Let's shape the future of MSMEs—together!
